Adria

A Timeless Classic

The Adria is Takara Belmont's most famous Styling chair. Simple, strong and comfortable, the Adria is the choice of many of the world's top names in hairdressing. To help keep the chairs looking fresh the Adria comes with a protective backrest cover and its cushions are independently replaceable.

In 1971, influential French designer, Michael Quennessen created a chair design that has become the epitome of the quintessential Styling chair. More than 30 years later, the simple inspirational design has meant the Adria remains one of the world's leading and most desirable pieces of salon furniture.
