

A photograph of a barbershop interior. Three luxury motorised chairs are arranged in a row. The chairs are dark brown with a leather-like finish and are mounted on black bases. The background shows a barbershop counter with mirrors, a spiral staircase with a wooden railing, and a tiled floor.

LUXURY MOTORISED CHAIRS

For Barbershops, Male Grooming Salons,
Salons, Hotels, VIP rooms and Beauty Spas.

Motorised chairs of exquisite comfort and luxurious functions, a super mix of traditional strength and modern quality for the sake of sheer pleasure.

Fully mobile in all directions, these three chairs enable every chair service you can imagine. Male Grooming Salons have traditionally expressed the greatest demand for such functionality and luxury, but female-focussed salons enjoy to switch the upholstery to lighter shades to suit their clients.

Comfort seems to suit everyone.
